To the Members of the Legislature,
State of California,
Session of 1923.

The report on the "Water Resources of California," prepared by the Division of Engineering and Irrigation of this Department, is transmitted herewith. This report compiles the results of the state-wide investigation authorized by Chapter 889 of the Statutes of 1921. In placing this in your hands, I desire to mention the helpful services of the Consulting Board appointed pursuant to the provisions of the act and of the members of the civil engineering profession who have served on advisory committees and reviewed much of the work in preparing this report. They have freely given to the state valuable advice and assistance that have greatly aided these endeavors.

Respectfully submitted.
